

Sharp HealthCare Institutional Review Board (IRB) **Protecting Human Research Participants – Online**

A **knowledge** activity for Sharp HealthCare employees, physicians, and other interested staff

Launch Date: October 1, 2020

Expires: October 1, 2023

Educational Objectives: Following this activity, participants should be able to:

1. Describe the history and importance of human subjects protections
2. Identify research activities that involve human subjects
3. Discover the risks a research project might pose to participants
4. Identify how to minimize the risks posed by a research project
5. Describe appropriate procedures for recruiting research participants and obtaining informed consent
6. Identify the different committees that monitor human subjects protections
7. Explain the importance of study design in the protection of research participants

Registration is complimentary. No pre-registration required.

Familiar with the CME Portal? Go directly to the activity: <https://sharp.cloud-cme.com/IRB>
