

SHC In-Patient Stroke Care FY 2023

Tips for Success

- For best results please use **Google Chrome, Internet Explorer or Microsoft Edge. Do not use Safari.**
- If you select **Launch Course** and nothing happens, turn off pop-up blockers.
- If you have difficulty with this please call the Technical Assistance Center at 858-627-5000. They are available 24/7.

Familiar with Portal?

Learning Objectives

1. State the importance of management of the in-patient stroke patient in relation to Joint Commission and research.
2. Identify prognosis of in-hospital stroke in morbidity and mortality.
3. List the time parameters for stroke care (stroke symptom recognition to CT, stroke symptom recognition to tPA etc).
4. Recognize new symptoms and worsening sx for reasons to call an in house stroke code.
5. Specify the stroke order sets required by Joint Commission for management of the in patient stroke.
6. Summarize requirements and core measures to be met at discharge.
7. Implement High Intensity Statin therapy at discharge, document thoroughly any contraindications as listed.
