

SHC Infection Prevention 2023 – Online

For Sharp-affiliated infectious disease physicians and any others interested in infection prevention and antimicrobial stewardship

March 20, 2023 - March 21, 2026

Louis Lteif, Pharm.D, BCPS, BCIDP, Norihito Yogo, MD

Educational Objectives

Following this activity, participants should be able to:

1. Review strategies to decrease the acquisition of and the transmission of multi-drug resistant organisms (MDROs); hand hygiene and isolation precautions.
2. Outline evidence-based strategies to decrease the risk of device-associated infections (e.g. catheter-associated bloodstream infections and catheter-associated urinary tract infections) and surgical site infections
3. Discuss the function and impact of the Antimicrobial Stewardship Program in controlling the emergence of MDROs and its close interaction with Infection Prevention
