

SHC Navigating the Complexities of Metastatic Spinal Tumor Treatment

For Sharp affiliated physicians, pharmacists, physician assistants, nurse practitioners, and other interested health care providers

Sunil P. Jeswani, MD, FAANS

Neurosurgeon
Spine & Brain Institute of San Diego
Sharp Grossmont Hospital

Tuesday, June 6, 2023

12:30 p.m. to 1:30 p.m.
A Virtual Event

DISCLOSURE: Sunil P. Jeswani, MD, FAANS, is a consultant for Kyocera Spine. All of the relevant financial relationships listed have been mitigated.

None of the planners for this educational activity have relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Educational Objectives: Following this activity, participants should be able to:

1. Identify the pathophysiology, epidemiology, and clinical presentation of metastatic spinal tumors
2. Review the latest diagnostic tools and techniques for metastatic spinal tumors
3. Evaluate the role of surgery, radiation therapy, and systemic therapy in the management of metastatic spinal tumors
4. Review the indications, benefits, and risks of various treatment options, including novel therapies and clinical trials
5. Identify strategies for multidisciplinary collaboration and coordination of care for patients with metastatic spinal tumors
6. Review case studies to apply learned principles and strategies in real-world contexts
